Vegan With A Vengeance, 10th Anniversary Edition: Over 150 Delicious, Cheap, Animal-Free Recipes That Rock

Synopsis

More Vegan. More Vengeance. More Fizzle. Ten years ago a young Brooklyn chef was making a name for herself by dishing up amazing vegan meals; no fuss, no b.s., just easy, cheap, delicious food. Several books later, the punk rock priestess of all things tasty and animal-free returns to her roots; and we're not just talking tubers. The book that started it all is back, with new recipes, ways to make those awesome favorites even awesomer, more in-the-kitchen tips with Fizzle; and full-color photos of those amazing dishes throughout.

Had purchased the original version of this cookbook and it collected dust (primarily bc I lived in Isa Does It --another AWESOME cookbook btw). Then at a brick n mortar I picked up the 10th Anniversary edition with pictures. I've made several dishes in the short time I've had it (why oh why did I not try the original book before now? *slaps forehead*) Isa makes it fun to try new ingredients (I am madly in love with lemongrass now!) and the outcome of the recipes have always been amazing. (Ok I confess to loving the flavor of the lemon cookies but the amount of coconut oil makes me ill-- as my body doesn't tolerate heavily oiled/buttered foods well anymore). The Lemongrass with Mock Duck soup was incredible! Even my persnickety-narcissistic-superior-disordered grandmother enjoyed the corn chowder and stuffed bell pepper (and then she tried her hand at her own corn chowder to one-up me and I found hers in the sink! Hahaha thank you Isa!) I think I literally own every single one of Isa (& Terry Hope Romero's)

cookbooks except the Pies and I think one other. I've LOVED Isa Does it and every time at the bookstore tell other vegans to buy up each of her books and don't look back. I enjoy learning. I enjoy finding new ingredients and will try most anything once and fully expect the first time through, a recipe takes more time because it's new. I plan accordingly. If I remake something again (& again) that's says something. When I remake and double a recipe-It's amazing!The pic attached is the first pass of recipes I want to try. I sit and decide my weekly menu then make my grocery list accordingly. I watch (& know) sales (cycles) to make buying many new pantry items affordable.
