Customer Reviews

Lace and Lacey Weavesa compilation of 86 lace & lacey weave projects with complete worksheetsby Mary E. Snyderrevised edition ~ 1986"The author originally designed this book as a workshop textbook for her students. The book covers Lace weaves such as Bronson Lace, Swedish Lace, Huck, Spot Bronson and then shows you how to adapt them into your lacey weave project.The material that is contained in this book is a great basis for weavers of all levels to use in recognizing and comparing different lace structures. Each type of lace is given its own chapter that covers the threading system and offers treadling suggestions. This revised edition contains 86 projects with complete worksheets for all including both four and multiple harness projects. Clear photos of woven samples make it easy to follow."

Exactly what I was looking for. A great addition to my handweaving library.
