Corinne Joy Brown is a woman of many passions, but the collection and appreciation of Western Dinnerware surfaces as one of those most relevant to the people of the West. Lovingly and meticulously researched, beautifully written and designed, this book will enhance the decor of any kitchen, living room or library. Chock full of history, cultural threads, and colorful photographs I purchased the book to give to a friend for her birthday and ended up reading it first myself! For many years when I worked on old-time ranches in the Rocky Mountain West I ate plenty of meals off of vintage dinnerware and never knew the importance of the cups, plates, and bowls. Now I do. I'm grateful to Corinne for educating me, enlightening me, and entertaining me with this book. It is both a winner and a keeper.Laurie Jameson

Corinne Joy Brown has done an excellent job of researching western dinner ware. The photos and graphics are great. The book is very well written and readable with lots of background information. I

would recommend this book for any one with an interest in western history or period furnishings. It is really fun to picture yourself eating a dinner from some of this wonderful china.

I got this to more familiarize myself with Wallace China. It doesn't go into exact detail on all the pieces, that would take an entire volume in itself, but it does show several pictures that seem to include them all, and the text describing all the different lines is well done. What amazed me were all the other manufacturers of Western Dinnerware!! I had no idea there were so many. Great Book.

It was an informative and enjoyable book to read. We also found out there are alot more types of western dinnerware out there than we ever knew about. A must have book for enjoyment and reference.

I SELL DINNERWARE OF ALL TYPES ON EBAY, THIS BOOK IS A WONDERFUL BOOK ON WHAT I SELL. IT HAS LOT'S OF INFORMATION AND PATTERNS ON WESTERN DINNERWARE PLATES..dcsales2009 at ebay.com

I found this book to be very informative and a great reference for collecting cowboy dinnerware. I refer to it quite often.

Christmas Gift - she specifically asked for this one and she's been "in the business" for 20+ years.

What a beautiful, entertaining book! Corinne Joy Brown did her research and chose exquisite photography to display what many of us have taken for granted. She has organized her coffee table book with different motifs. Among my favorites were chapters on horses, dude ranches, films and manufacturers of the unique dinnerware that was so popular in the 1950s. Filled with delightful, obscure facts that tapped into my nostalgia vein, she covers everything from the Marlboro man to the art of setting the table. I even learned about Hopalong Cassidy's black hat! This is a great gift for Old West aficionados. I perused it for hours. You deserve FIVE stars!
