Customer Reviews

I was pretty disappointed with these audios overall. I specifically researched and made sure these were the newest ones to come out and they say 2009, and the CDs themselves say 2009, but all of the specific tax info is for 2007 and says to refer to publication 17 for current info. So basically...any specific information that changes year to year you have to look up, and I was trying to avoid that. Otherwise they are just ok, but nothing special. Probably better off getting the book and reading it for \$50 less unless you hate reading.

I have listened the CDs and I should say it is a good and useful study products for AICPA candidates, especially if you like me, is a full-time worker focus on part-time study for the exams. I normally spend one-two hours in weekday and four-five hours in weekend study. So the CDS can help me when I am tired and just lie down to mindly go through some kep points. I hope the above is helpful for your study, and also, the five CDS can be shared by you and your mates. All the best and

good luck for the exams, just like the current world-cup, we all need hard work, practise our excellent skills and technique, plus a bit luck!a man!

purchased the Wiley Audio CD for Reg as a supplement to my studying and they are very helpful when I am driving in the car

As another Reviewer pointed out, this Wiley CPA CD Set is way too old and uproariously priced for how expired it is. In 2007 it was good, it is not 2007 anymore.
