Mi Comida Latina: Vibrant, Fresh, Simple, Authentic

Synopsis

A stunning, hand-lettered and fully-illustrated cookbook featuring more than 100 authentic recipes collected from home kitchens across Latin America. Discovered as a successful self-published Kickstarter project, *Mi Comida Latina* captures the warmth and depth of culinary traditions in Mexico, Peru, Ecuador, Colombia and Puerto Rico. Artist/author Marcella Kriebel's vivid, charming watercolors accompany more than 100 recipes including arepas, tamales, ceviches, fish tacos, salsas, flan, spicy micheladas and icy watermelon paletas, plus traditional kitchen tools, techniques and practical tips for choosing and preparing mango, cactus, yucca, coconut and other produce. Every page is a joyous work of art.

Excellent, easy to follow, quick and flavorful latin recipes. Ever wonder how to make those incredible meals from your favorite Peruvian, Cuban, or truly authentic Mexican restaurant? You know: the ones that seem abundantly simple, if you only knew which ingredients to use when and how to do the prep, or which chillies to use? I did too, then I picked up *Comida Latina* and BAM, in an instant I'm whipping up Arroz con Pollo (chicken and rice), making empanadas by hand, whipping up fresh salsas (FRESH SALSA OMG), tamales, and even drinks and sides (the Remolacha is my favorite--a fresh twist on beet salad). This is a gorgeous, artistic cookbook that is bright and pretty, simple to use, and full of quick recipes. It will leave you so confident in making latin american food, that next, you'll be headed out to learn Salsa dance--you'll feel THAT GOOD.

One of my favorite cookbooks in the kitchen, not just to cook from but also to flip through and enjoy

the gorgeous illustrations. Marcella Kriebel's book is a true work of art, and you can tell how deeply she cares about sharing these recipes with the world. Each page is lovingly hand-illustrated and hand-written with watercolors of ingredients and cooking instructions. One of the best things about *Mi Comida Latina* is that it provides excellent advice on sourcing and substitutions for ingredients that it might be more challenging to find outside of Latin America. The dishes range from the simplest of salsas and dips to slow-cooking, deliciously complex dishes. There's also a great section in the back for cocktails, which we've referenced frequently for dinner parties! The whole book is stunning and I'd highly recommend it!

Beautiful and inspiring. Marcella Kriebel beautifully illustrates the art and style of cooking in this gorgeous representation of so many wonderful Latin American recipes. This cookbook makes you feel as if you have your grandmother's hand written recipe book in your hands, unlocking all the secrets and memories of having those unforgettable family meals. I can't recommend this book enough.

Colorful, diverse and vibrant, this cookbook is a staple for every home. Whether you're making dinner with the kids and want a fun visual experience for them- or you're home alone and need to make a quick and delicious snack after a long day, *Mi Comida Latina* is the go-to. I can't wait to see what the author creates next!

I bought this book as a gift but, honestly, I couldn't give it away! The lettering and illustrations just jumped out at me and the cover was worth of the coffee table, not the kitchen shelf. But, I did bring it into the kitchen and was pleasantly surprised to find that the recipes are delicious. They range from handy weeknight staples, like salsas and tacos, to new challenges, like tamales or nopales. I'm trying my best not to stain the beautiful pages as I cook!

This is a truly special book. Cooking is all about love and each hand-drawn and hand-lettered page shows the Author's love that went into making this book. I am a huge fan of authentic Latin food and the recipes included in the book are the real deal, many that she learned from loving Abuelas (grandmas) while traveling in Latin America. I love this book!

I purchased my first copy during Marcella's Kickstarter campaign and gave it away as a Christmas gift to my grandmother, who is half-Mexican and a sucker for beautiful art. She was completely

enchanted. I was so excited when I heard the book would be available more widely and I've been recommending it to friends and family ever since!

This is probably one of the most beautiful books I have ever seen. Illustrations are gorgeous. Recipes are very easy to follow and food is good. This is a hardcover book. Excellent idea for a gift for a person that likes to cook.
