I originally bout this for the nastolgia, but it really delivers as a practical cookbook. The recipes are very easy to make and very very good as well. I highly recommend this cookbook to people of all religions.

It was everything I expected, and more. There are beautiful pictures of the Vatican and the Swiss Guard as well as history and background of the Swiss guard. With pictures and a brief biography of

Pope Francis, Pope Benedict XVI, and St. John Paul II, a who is who in both the guard and Vatican hierarchy, making it a nice coffee table book. I won't be keeping it on the coffee table though. It has wonderful recipes that I know I will use over and over again, so it will sit with my favorite cookbooks.

Everything about this book is top notch. Haven't yet used any recipes but they all look great. The photography and narrative are excellent. Perfect for anyone who loves eating, Italy, Rome, the Vatican, or the handsome Swiss Guard!

Truly a one of a kind cookbook. Shows the beauty of Rome, the delicious recipes and the strength of the catholic faith. Sitting on our kitchen table as we speak !!

Beautiful book with spectacular photographs. I saw this on one of the morning news networks last week. The food they prepared looked amazing. I am anxious to try a few of those same recipes myself but have spent more time reading the book than cooking anything. The recipes look like something an amateur like me can make without any issues - no special ingredients or devices needed. This will make a great Christmas present for several people on my list. But I am keeping this one!

A must buy. The recipes are fabulous, the pictures are grand, the price is right.

What a wonderful & beautiful book! The quality of The Vatican Cookbook...is top quality. So much more than a cook book. Charming pictures of the popes, the swiss guard, gardens, sculpture, the vatican are absolutley wonderful! AND the stories that go along....Now, as for the selected recipes (as it is a "cookbook"), oh....each is has a presentation that looks delectable and seems not to be overly involved to create. This is truly a Lovely book to display.....and use! Cheers!

Beautiful book with history, photos and from what I can gather, delicious recipes. Looking forward to cooking something that will bring back fond memories of my visits there.
