## Customer Reviews

This review is for the latest 2015 edition. I have collected quite a few cooking books over the years and this one is a great addition. Plenty of great Christmas dishes. Some classics with modern twists and some completely new ones for me. The book is very beautifully presented with lots of mouth-watering pictures and clear, detailed preparation instructions. Typically for Gordon you get some very fancy and complicated dishes that take time and some skill to prepare. However, there is also plenty for the occasional inexperienced cook. What I like is that there are complete Christmas menus to choose from with dishes that go together very well. Each menu has a planning section to

help you prepare ahead and organise your time efficiently. Again, typically for Gordon there isn't much faffing about just straight to the point to get things done. Just how a cooking book should be. Very happy with my purchase and I cannot wait to try some of the recipes so Christmas might come early this year.
