Scroll Saw Christmas Ornaments: Over 200 Patterns

Synopsis

Make impressive yet inexpensive Christmas ornaments with the scroll saw. From the whimsical to the classical, more than 200 project patterns for Christmas ornaments are illustrated with full-size drawings that can be glued right onto the wood to guide your saw. Along with traditional Santas, snowmen, religious, and fretwork designs, there are patterns for making ornate words, novelties, and wildlife designs.

Customer Reviews

Tom Zieg is one creative fellow, the very large selection of ornaments in this book will keep me busy for years to come for Christmas gift items for friends, family and craft shows. I can see these made from many different materials than just wood. Thin metals, plastics are some that I'm trying out right away.

This is exactly what I have been looking for. Plain, simple Christmas ornaments. Stack the wood, cut out a simple design, and you are quickly done. These are not ornate designs, but rather simple and easy. They will cut easily, will finish easily as well, and will look nice on the tree, or for a simple gift.

This book has quite a nice arrangement of Christmas ornaments. I would recommend to any interested in Christmas patterns. Most of the patterns are not very difficult but are quite nice. I have sold quite a few pieces during Christmas from these patterns and given away others as gifts.

I received this book as a gift. The patterns are great and range from easy to difficult. The variety of patterns will work so well for gifts! Tom Zieg has a number of books with patterns and so far this one is one of my favorites!

I reviewed a lot of patterns and still had more to view. their complete and gives you all the views you need to do your designs. I'd would defiantly recommend this book of scroll saw patterns to a friend.

The book is a good book. There were pages missing that were not mentioned in the description. There are two pages that have another pattern over them. Slightly less than expected. All in all it will work.

Very basic, not what I expected,...but cute patterns.

Plenty of patterns to choose from for inside or outside decorating great choice. From beginner to advanced you'll find patterns for your own home or to sell at craft shows.
