LOVE the restaurant, and the cookbook is a great extension of some of the great recipes they share! I slow-roasted a roast this weekend and the aromas in my house were unbelievable.....the cheese fondue recipe is fabulous!!

I love The Stinking Rose and I love this cookbook. This book contains some of their best recipes. I just recently made the meatloaf, it was the best meatloaf I have ever had, and not too difficult either. Roasting the garlic is kind of a pain because of the amount of time it takes, so I have been taking a

short cut and I think it tastes just as good.

Love the restaurant, and have many go-to recipes I've made over and over from this book, including the garlic noodles, meatloaf with ancho chili sauce and chocolate, among others! Great with pictures as well.

My boyfriend is obsessed with the Stinking Rose in San Francisco, and since we're both garlic lovers, I had to get him this book for Christmas. We've made a couple of recipes so far; and they are all easy to read and easy to find ingredients! Uploaded a picture of the first recipe I made: Clams and shrimp in a coconut-curry brodetto!

When I found this cookbook on I was so happy! I have been to The Stinking Rose restaurant and went there with my grandparents a few years ago. This place is God like with its garlic dishes. Oh my goodness YUM! I have yet to make one of the recipes from this cookbook but the descriptions and pictures alone are wonderful. Thank you :)

The best Cioppino I ever ate was at the restaurant in San Francisco. I got the book, made it and it tasted just as good as the restaurant's. I guess the real butter helped. My wife agrees.

This is a great book. If you love garlic and Italian food, some with a twist, this cookbook is a must have. First time me and my Wife ate at the Stinking Rose was 20 years ago and we have eaten there 10, or 15 times since. It's our first stop to eat when in San Francisco. sensation

This is a great unique cook book, makes me want to go try the restaurant. The recipes are simple and have ingredients that are easily available.
